

Collection Floating Candles 2007

TECHNICAL DATA SHEET

The Floating Candles collection offers the possibility to combine several objects into an installation. Use a single piece, hang them in line or use the possibility to adjust the height to create a chandelier. The following options can be selected:

FCB18 Candle basic model

FCDL18 Candle on a platter, including a downlight

In Line

It is possible to combine a series of several candles in line. This fixture can for example be used above a table or desk. For this fixture we recommend the use of a downlight.

Chandelier

It is also possible to compose a chandelier, consisting of several Floating Candles adjusted to different heights.

Price calculation

The prices of the single candle models and ceiling covers (for combinations) are mentioned below.

In case of a combination (in line or chandelier), an adjusted price calculation is applicable.

The price of a combination is the sum of the single parts minus the discount related to the ceiling cover.

The following discounts at combinations are applicable:
